SUMMARY

A hardworking and motivated recent graduate with strong foundation in programming concepts seeking for the role of **Associate Software Engineer** to polish his skills into various fields of Software Development.

EDUCATION

Concordia College a project of Beaconhouse **Aug 2018 - Sep 2020**

FSC Pre-Engineering

- Grade A

University of Engineering & Technology Lahore **Oct 2020 - May 2024**

BS Computer Science

- CGPA 3.3

TECHNICAL SKILLS

- C++ • OOP • DSA • MySQL • MongoDb • HTML • CSS/SCSS • Responsive Web Design
- JavaScript • ReactJs • Redux • API Integration • Git • Problem Solving • Strong Communicaton

WORK EXPERIENCE

Nodlays Johar Town **Jul 2023 - Jan 2024**

- Six months of hands-on experience in **React.js**, with expertise in core libraries (Router, Formik, Redux, Axios) for enhancing web apps and creating reusable components

PROJECTS

Buildify (FYP) (NextJs, Tailwind, MongoDb)

- Built a platform name **Buildify** that connects constructors and clients. Clients can post projects, hire contractors, and communicate via chat, while constructors can find jobs and update milestones. Real-time progress is visualized through graphs and also integrated a OpenAI chatbot for client assistant

Balloach Park (Single Page Application)

- Developed a website Balloch Park built with React, leveraging React Bootstrap, Redux, Typescript and Sass for responsive front-end design

Admin Panel

- Developed the Balloch Park Admin Panel, built with React, React Bootstrap, TypeScript, and Sass, enables admins to manage website content and stuff. Features include Google Maps API for location management, CRUD functionality, and password resets.

CRUD WEB APP

- Developed a small **MERN** based project with CRUD operations for employee data, integrated APIs with Redux Thunk, and added protected routing with user authentication.

Portfolio Site

- Developed an elegant and responsive portfolio website using **React.js**, showcasing my skills, projects, and professional journey.

COURSES AND CERTIFICATES

- React A Complete Guide-2024 (Udemy)
- Appreciation Certificate From Nodlays
- Six months Internship Certificate from Nodlays
